

Core Cleanse

VegetarianCapsules

Does this sound like you?

No energy, Sluggish metabolism, Skin disorders, Digestion issues, Inability to focus, Bloating, Unexplained weight gain, High cholesterol/blood pressure, Mood swings, Depression, Stressed out.

You need a gut intervention!

All disease begins in the gut. Your gut health is directly related to your overall health and well-being and that is why it is imperative to cleanse, replenish and rebuild this delicate eco-system living within us. The balance of your intestinal flora (probiotics) is not only crucial for your digestion of food but also your immune system and mental health.

Experts suggest a healthy colon cleanse 2x per year!

Did you know the human body can hold 5-25 pounds of undigested food in the intestines and colon?

Utilizing a combination of Digestive Health and Core EFA's, your GI tract will be cleansed of harmful pathogens, replenished with broad spectrum digestive enzymes and rebuilt with pH stabilized probiotics and the proper prebiotics to allow for continued growth and colonization of the "good" bacteria.

CLEANSE REPLENISH REBUILD

Key Benefits of Cleansing

- Better digestion and elimination.
- Increased energy and metabolism.
- Decreased inflammation in the GI tract and throughout the body.
- Weight loss especially in the abdomen area.
- Positive mood and overall wellbeing.
- Lowered cholesterol levels and blood pressure.
- Glowing skin and healthier hair and nails.
- Able to focus and decreased stress and tension.

The Core Cleanse is a 30 day program that consists of 3 bottles of Digestive Health and 3 bottles of Core EFA's.

Protocol:

Take 2 Digestive Health capsules and 2 Core EFA gel caps on an empty stomach 3 times a day. Continue this regime for the full 30 days to see maximum results along with your current Core Health products.
