Core Health Product Fact Sheet

Bone Health
Dietary Supplement

Minerals + Herbs + Enzymes + Antioxidants

The most complete and advanced supplement for strengthening bones.*

Every 3 Seconds an Osteoporotic Fracture Occurs Worldwide.
Poor diet and lifestyle choices cause your body to rob crucial minerals which in turn weaken and destroy bone health leading to osteoporosis, a preventable disease literally crippling millions of individuals. Bone Health by Core Health Products goes above and beyond with providing cutting edge nutrients that strengthen and repair the bone matrix with the most complete delivery system ever formulated.

More than just Calcium
New research shows that taking calcium alone can weaken bone density instead of building it. Your bones require a matrix of macronutrients that all work in concert with one another. The primary players for bone health are calcium, magnesium, Vitamin D and Vitamin K2 but the trace minerals and vitamins are vitally important as well. Each play a significant factor in the proper absorption, utilization, transportation and bioavailability of building and maintaining bone structure.

Millions of people take calcium supplements but few realize the body requires nutrition in its most complete form for proper utilization. Consuming high amounts of calcium, especially coming from an inorganic source, without the presence of Vitamin K2, allows for the potential of that calcium to be transported into your soft tissue and arteries but not your bones. Low levels of Vitamin K2 are now associated with an increased risk of heart disease and atherosclerosis.

Bone Health’s formula combines the purest, whole food form of calcium derived from eggshells coupled with Vitamin K2 MK7 which plays a crucial role in the absorption of calcium and the reduction of arterial calcification. Each plant derived mineral and vitamin works synergistically together just as found in whole food forms from nature.

Key Benefits:
✓ Strengthens bones and teeth.
✓ Repairs the bone matrix.
✓ Prevents arterial calcification.
✓ Increases libido health.
✓ Bio-availability of alkalizing nutrients

Bone Building and Beyond
Used for centuries in Chinese Herbal Medicine, Cnidium has been a powerful healing herb given mainly for reproduction but more recently has been found to improve osteoblastic cell activity. The osteoblast, the bone cell responsible for forming new bone, is found in the growing portions of bones. Cnidium activates those osteoblasts improving bone density and strength. An amazing herb that has the potential to fight and prevent osteoporosis.

Cnidium’s anti-inflammatory properties pair beautifully with the cracked chlorella in our proprietary Bone Health formula. These single celled algae are one of the richest and fastest growing food found on earth. The chlorella growth factor increases the rate of tissue growth and repair making it a perfect ally in fighting degenerative disease such as osteoporosis. It’s an amazing alkalinizing superfood that combats acidity, another known robber of precious bone building minerals.

Advanced Delivery System
Bone Health formula includes our proprietary Maximum Enzyme Delivery System known as M.E.D.S.™ This unique system uses the power of enzymes and fully-utilizable micronutrients to ensure maximum absorption and utilization of the nutrients and bioactive components. The M.E.D.S.™ nutrient delivery system is designed to match the specific needs of each individual nutrient by including the specific enzymes and micronutrients required to ensure maximum utilization and deliver superior results unlike any other. This is what makes our Bone Health supplement the most cutting-edge bone strengthening and repairing nutrition ever formulated.

Supplement Facts: Servings: 30, Serv. size: 2 capsules, Amount per Serving: Vitamin A (as palmitate) 175mg (25% DV), Vitamin C (as acerola berry extract) 38mg (50% DV), Vitamin B6 (as HCL powder) 650mcg (50% DV), Vitamin B12 (as methylcobalamin) 1.2mg (50% DV), Folate (as 5-MTHF) 50mcg (13% DV), Vitamin D3 (as cholecalciferol) 500IU’s (83% DV), Vitamin K2 (Menatetrol) 23mcg (25% DV), Calcium (as Egg Shell Calcium) 250mg (25% DV), Magnesium (as bisglycinate chelate) 29mg (9% DV), Copper (as bisglycinate chelate) 450mcg (50% DV), Zinc (as bisglycinate chelate) 250mcg (3% DV), Strontium (as saccharomyces cerevisiae) 250mg (1%), Yumadium (as saccharomyces cerevisiae) 7mcg (1%), Silicon (as saccharomyces cerevisiae) 100mcg (1%), Proprietary Bone Health Formula (Chondium PE 4:1 fruit, Chlorella Cracked Powder Extract) 100mg (1%), Mineral & Enzyme Delivery System™ Blend (Calcium (as amino acid chelate, Magnesium (as glycinate chelate), Pectinase, Amylase, Protease, Lipase, Cellulase, Cerecassae (hemicellulase, beta-glycase, phytase), Glucamylase, Copper (as bisglycinate chelate), Zinc (as bisglycinate chelate)) 284mg (1). († Daily Value (DV) not established). Other ingredients: Vegetable Fiber, Rice Bran, and Water.
